Our Ingredients

Before introducing our catalogue, let's look at the most important aspect of our company- our ingredients. At Kamicka, our USP is to work with Ayurvedic and Indic ingredients to re-create age old recipes and beauty tips mentioned in Yoga, Ayurveda, Unani & Naturopathy. Our key ingredients include:

Blue Lotus

Saffron

Seabuckthorn

Shatavari

Himalayan deodhar

Vasambhu

Giloy

Ashwangandha

Brahmakamala

Juniper berry

Wintergreen

Safflower

Rose

Turmeric

Dashamoola herbs

Brahmi

Jatamasi

Cardamon

Tulsi

Guggal

The Sarnagadhara Samhita mentions Dashamoola, which is a medicinal formulation of 10 herbs, that is great to balance Vata dosha.

Snigdha and nourishing, it strengthens the Dhatus and restores natural softness.

A meditative oil that anchors moisture, enhancing Ojas and skin vitality.

Cooling and sattvic, it brings clarity and inner glow, purifying the skin and calming Pitta.

Soma-rich and deeply hydrating, it restores moisture, heals, and invokes the moon's gentle touch on the skin.

We source pesticide & insecticide free raw materials for our private label clients, from a pan-India network of farmers after a thorough quality check. Our ingredients are what differentiate us from our competitors and make our products effective and high performing.

Beauty - Face Care

Our face care range is made using natural ingredients and nature derived preservatives that are safe for the skin and highly effective. From saffron of Kashmir to roses of Assam, we source the best ingredients in India for dealing with acne, pigmentation, dark circles and premature ageing.
